

A photograph of a healthcare professional, a woman in a white lab coat and a white face mask, standing behind an elderly man in a wheelchair. They are outdoors on a paved path with trees in the background. The woman is smiling and looking towards the man. The man is also smiling and looking towards the camera. The scene is brightly lit, suggesting a sunny day.

True Healthcare For Your Family

Let Us Brighten Your Smile

We are a group of health professionals with 14 years of nursing experience in both acute care, aged care and disability services. Our journey started in 2021 for a noble cause of helping people with disability live the best possible life they can.

Supported Independent Living(SIL)

We provide shared accommodation facilities for our clients living with disabilities to attain their goals, sustain their functional capacities and maintain their family & social life in a safe and supported environment. This includes fulltime specialist support and overnight care. Our team is highly passionate about delivering the highest quality of care to improve the quality of life of people with disabilities .

Disability Services

At AIC, we provide person centred care to those living with a disability. Our highly skilled and trained support workers cater for your individualised care needs at your home anytime.(services are available weekdays ,week-ends, afterhours, overnight,24x7)

Community Access

At AIC, we help you stay connected with the community, enjoy recreational activities, enjoy your social life and feel supported. Our services include taking you to and from any appointments, social events, recreational activities(this includes hobbies, recreation, leisure, sports, arts, gardening, and community programs)catching up with friends and family, access to local shops and travelling with you on public transport.

Community Nursing

Our experienced registered nurses provide wide range of clinical care including wound care, catheter care, ostomy care, PEG feeding, medication management, diabetic management and blood pressure monitoring.

OUR VISION

We are committed to providing the highest quality care to people living with disability. We care for our clients with the same standard of care we would expect for our own families. This means valuing each person's unique qualities, helping them achieve their personal goals and seeing them as an individual and not as a list of care needs. We work alongside our clients and their families to tailor our services to help them stay in control of their own care.

OUR MISSION

We believe that "It is more blessed to give than to receive".(Acts:20:35)Our mission is to brighten up people's life with a great smile. Sometimes it takes only a simple act of caring to bring that smile back and Change people's life.
